

ANNUAL REPORT
AND CONSOLIDATED FINANCIAL STATEMENTS 2005

VASSILIKO CEMENT WORKS
PUBLIC COMPANY LTD

Address by the Executive Chairman

For the year 2005

Dr. ANDREAS PANAYIOTOU
Executive Chairman

Dear Shareholders,

On behalf of the Board of Directors I would like to welcome you to the 40th Annual General Meeting of the Company's shareholders.

Vassiliko Cement Works Public Company Ltd, the largest industrial unit of Cyprus, is continuously developing at all levels, entrepreneurial, technological and environmental with a special dynamism, having as fundamental values the continuous improvement of product quality, best customer service and the respect to the environment; all these constitute core values, strongly connected with the achievement of its economic objectives.

Address by the Executive Chairman *(continuation)*

For the year 2005

Financial Results

The continuous increase in the price of oil at the international market and consequently the energy cost, was perhaps, the most important development in 2005 and the main factor that adversely affected the cement industry, as well as the economy in general. The Board and the Management of Vassiliko Cement Works, in order to deal with the adverse conditions implemented a series of measures and managed not only to face these conditions, but also to improve the financial results of the Group for 2005.

Total sales of the Group increased from £39.667.000 to £45.870.000, while operating profit increased from £6.676.000 to £7.979.000 in 2005. Similarly, profit before taxes increased from £5.815.000 in 2004 to £7.851.000 in 2005 and the profit attributable to the shareholders increased from £5.038.000 in 2004 to £6.926.000 in 2005.

Review of the year

The total Cyprus cement market during 2005 increased to 1,59 millions tones compared to 1,54 millions tones of the previous year, an increase of 3,4%. The construction industry activity remains at a satisfactory level. It is expected that the new infrastructure projects planned by the Government, like the construction of the two new airports in Larnaca and Pafos, the new marinas, the upgrading of Larnaca and Limassol ports, the construction of Pafos - Polis Chrysochous highway and new golf courses, will strengthen the demand, counterbalancing any possible slow down of the private construction activity.

Vassiliko Cement has always been entrusted by the Cypriot and the European customers of the Group and its name became a synonym to good quality. During 2005, the Group exported 246.000 tons of cement to various countries like Spain and Italy from the Vassiliko Port. The total value of exports exceeded the £4,5 million. Vassiliko Cement Works supports steadily the economy of Cyprus through its exports and offers direct and indirect employment to more than 350 workers and collaborators.

Address by the Executive Chairman *(continuation)*

For the year 2005

Energy costs

As it is well known, the cement production is highly energy intensive and the direct energy cost exceeds the 36% of the total cost of sales. The fuel and electricity costs increased significantly during the last year following the increasing trend of international oil prices, affecting adversely the production cost.

Vassiliko Cement Works managed through the implementation of specific measures to mitigate the energy cost increases. These measures include the use of alternative fuels, like sludge, olive-kernels, meat-flour, chopped tyres, etc, as well as investments in new plant and equipment of higher efficiency. Moreover, the Group promotes new products friendlier to the environment that require less energy for their production. The Quality Management System of the Group monitors the production process at each stage to verify the excellent quality of products.

Furthermore, the successful operation of the power plant installed in 2003, reduced the electricity cost in relation to the offered price from the Electricity Authority of Cyprus. Following the successful results of the initial investment in power generation, the Group will proceed during the current year with a further investment of £1,5 million to double the capacity of its power station to 10 MW. After the operation of the new generations the coming autumn, it is expected to achieve a further saving of electricity cost of £600.000 per annum.

Prospects for the current year

The cement consumption for 2006 in the domestic market is expected to be roughly at the same levels of 2005, while the exports of cement and clinker will absorb the remaining production of the Group. In general, international demand for cement has increased while cement prices have improved.

Address by the Executive Chairman *(continuation)*

For the year 2005

Unfortunately, despite the significant increases in 2005, energy costs are increasing even further, following the continuous increases of the international oil price. The increased energy cost is already noticeable on the price of the electricity and of the main fuels like pet-coke and oil.

Vertical integration in ready mix industry

As it is already known, the Group invested in a ready mix concrete plant through the acquisition of 51% shareholding in "A.E.S. Atlas Ready Mix Concrete Ltd" in August 2004. The vertical integration in this sector is considered strategic. In this framework, the Group proceeded with the construction and operation of a second ready mix concrete plant with a capacity 120.000 cubic metres per annum in the eastern Pafos district close Agia Barbara village. The plant started operation in March 2006. The Group invested in this operation through its 100% owned subsidiary "Estia Ready Mix Concrete Ltd".

Technological upgrades and protection of environment

As it is already known, the Group proceeds with the erection of a new clinker silo with total capacity of 90.000 tones. The total investment is expected to reach £6 million and it will be completed in 2007. The project is expected to help enormously the efforts for the protection of the environment, reduce significantly the dust emission levels, while it will contribute considerably towards the improvement of the final product quality and the reduction of operating costs.

The Group also, studies methods to increase the quantity of alternative fuels for replacement of imported fuels as part of the effort to contain the increasing energy cost.

Within the framework of continuous development and technological upgrade of the industry and in order to face the threads of the increasing energy costs, as well as

Address by the Executive Chairman *(continuation)*

For the year 2005

the increasing competition from potential cement imports, techno-economical feasibility studies are at their final stage and examine the viability of a new clinker production line that will replace the three existing production lines of obsolete lepol kiln technology and also increase the total annual clinker capacity from 1,1 million to 1,45 million tones per annum. The studied modernisation of the clinker production unit with the installation of a single precalciner kiln is expected to reduce significantly the operating costs and will further improve the environmental performance of the Group and particularly all forms of emissions. Huge savings will result from the reduction of energy required for the clinker production while revenues will increase from the export of the additional production capacity.

Dividend

The Board of Directors, having taken into account the results of the year, as well as the current year prospects, decided to propose to the General Meeting the payment of an additional dividend of £1.075.000 for the financial year 2005, which corresponds to 2 cents per share or 8% of the nominal share price. Together with the interim dividend paid in December 2005 of £806.000, which corresponds to 1,5 cents per share, or 6% of the nominal share price, the total dividend to be paid from the 2005 retained profits amounts to £1.881.000 and corresponds to 3,5 cents per share, or 14% of the nominal share price.

Departing Directors

We would also like to thank warmly Mr. Theodoros Aristodemou, who retired from the Board of Directors on 27 April, for the valuable services he has offered to the Group as a member of the Board.

Address by the Executive Chairman *(continuation)*

For the year 2005

Personnel

Finally, I would like to express the sincere appreciation and deepest respect of the Board of Directors to the Management and the personnel that form the spinal cord of the Group. I would also like to thank the Legal Advisors and the Auditors, Hellenic Mining Company Ltd, Italcementi Group, as well as other associates for their invaluable services to the Group. Sincere appreciation is also expressed to the shareholders of the Group for their trust shown to us and I would like to assure them that our aim always remains the financial prosperity of the Group and the management of the operations in a transparent manner.

Vassiliko Cement Works proceeds with steady steps and adapts dynamically to the new challenges. Its accumulated know-how, its highly trained and experienced personnel with enthusiasm and commitment, as well as its essential infrastructure are invaluable assets to face these challenges successfully.

Dr. ANDREAS PANAYIOTOY

Executive Chairman

Nicosia, 9 May 2006.

VISION FOR PROGRESS AND DEVELOPMENT

VASSILIKO CEMENT WORKS PUBLIC COMPANY LTD

HISTORY & INFRASTRUCTURE DEVELOPMENT

Vassiliko Cement Works, the largest industry of Cyprus, was established in 1963, as a Public Company, on the initiative of Hellenic Mining Company. Vassiliko was chosen as the best possible location for the erection of the plant in view of the abundance of raw materials of excellent quality and the proximity to the sea.

The main characteristic of Vassiliko Cement Works is its continuous progress at all levels - entrepreneurial, technological and environmental - and its dynamic development. The dynamic nature and the investment in the quality of its products, form the basis for the creation of a competitive outward-looking business. In parallel, the Company invests in its specialized human capital and a professional culture continuously adapting to the new challenges of the sector.

The 150.000 tones capacity plant was put into operation in 1967 and the first years of operation were exceptionally encouraging since the Company managed to sell its entire cement production, realising at the same time significant profits.

Since 1967, the Company evolved with the market and the growing economy of the island. New production lines were installed to increase the production capacity of the initial plant in order to satisfy the growing local demand; the Company also managed to develop an international network of customers, built on the quality of its product, reliability and competitiveness. Recognising the great potential of the international market, the Company constructed the Vassiliko Port next to the cement plant in 1983, through which half a million tones of cement are exported on an annual basis. This port is also available to third parties for the import and export of bulk cargoes. The Company is now producing 1,3 millions tons of cement per annum.

An important milestone in the history of the Company was the year 1990, when the Italcementi Group acquired 20% stake in the Company, which later has increased to 33%. Italcementi Group is one of the largest cement manufacturers in the world with investments in Europe, Asia, America and Africa.

VASSILIKO CEMENT WORKS PUBLIC COMPANY LTD

Italcementi group contributed significantly to the development and progress of Vassiliko Cement Works Ltd by sharing its vast know-how in cement production processes and advising on introducing new technologies.

The Company is committed to a sustainable development program for which significant amounts were invested to increase capacity and improve and upgrade the production processes, while additional funds were invested purely to improve the environmental performance. Further, the Company invests significantly in its relations with the neighbouring communities and its people. Central concern remains the protection of the environment that constitutes a core value, strongly connected with the growth of the Company.

Amongst other things, the above investments include

- *A 25.000 ton cement silo has been erected and operates since 2000, which improves the exporting facilities and local distribution.*
- *In 2002 a new cement mill was installed, of the latest and most modern energy efficient Roller type technology. This mill also helps to reduce the CO₂ emissions through its ability to consume 20% less electric power compared to conventional tube mill systems. It will also contribute to a large extent in the health and safety of our personnel, and the welfare of the neighbouring community through its reduced noise levels.*
- *Following the successful results of the initial investment in power generation in 2003, the Company will proceed during the current year with a further investment of £1,5million to double the capacity of its power station to 10MW.*
- *In addition to the above actions that are in compliance with the environmental policy of the Company for sustainable development, the Company, will proceed with the construction of a new clinker silo with total capacity of 90.000 tones. The total investment is expected to reach £6 million and will complete in 2007. This project is expected to help enormously the efforts for the protection of the environment, reducing significantly the dust emission levels, while it will contribute significantly towards the improvement of the final product quality and to the reduction of operating costs.*

VASSILIKO CEMENT WORKS PUBLIC COMPANY LTD

POLICY & CONTEMPORARY TECHNOLOGY

The strategy of the Company remains the continuous strengthening of its competitiveness. Therefore, the fundamental intention of the Company is the continuous upgrading of its technological capabilities in order to achieve its quality and financial targets.

Within the framework of the technological upgrading, the Company introduces new automation systems and also applies preventive maintenance procedures, which maximise the Utilization Factor of the production units. Customer Service, both in Cyprus and international market has been improved by shortening waiting and loading time.

Since year 2002, the Company has started operating a complete Concrete Testing and Research Laboratory which complies to European Standards, in order to investigate and research further the behavior of various cement types produced with various local aggregates. In this way, it has extended its customer service functions to include consulting and technical support.

PERSONNEL, HEALTH & SAFETY

The equipment for the protection of environment, as well as health and safety of the personnel has been upgraded in all areas of the activities of the Company.

The degree of training and education of the personnel of the Company is constantly strengthened. The investment in its human resources, the enhancement of its knowledge, its specialization and quality, is a core value for Vassiliko Cement Works.

The Company presently employs more than 200 well-trained personnel, who are receiving educational and training courses on a regular basis. A Safety Committee operates in the Plant in accordance with the existing legislation. The Company has also received the Safety Award from the Ministry of Labour and Social Insurance for two years in 1997 and 2002, while it was honored with other related awards and praises. The increasing productivity at work, the participation of personnel in work groups and the anthropocentric policy of Company towards its personnel, have shaped a dynamic working culture.

VASSILIKO CEMENT WORKS PUBLIC COMPANY LTD

ENVIRONMENT & SUSTAINABLE DEVELOPMENT

Within the framework of the policy for continuous improvement, the Company has given special attention to the field of Environment which is continuously upgraded. The protection of Environment in all phases of production constitutes a priority.

The relations with the surrounding communities are based on mutual understanding and the environmental sensitivity of Vassiliko Cement Works. The Company promotes the planting of trees in large areas of the plant and the depleted quarries, while the Company has contributed to the development of parks and plantation of green in the neighboring communities.

The Company is now focusing in depth on how to help the country to reduce further its CO₂ emissions and solve most of its serious environmental (uncontrolled disposal) problems by utilizing various wastes, rich in energy content solid materials, always conforming to the relevant legislation.

These materials serve as low cost auxiliary-alternative fuels to replace conventional fuels (pet-coke and/or fuel oil). The combustion process and emissions are always closely monitored by our own technical staff as well as Government authorities to ensure compliance with relevant directives and legislation. The local communities are kept informed of all relevant Company policies, plans and actions.

In addition the Company has started producing new types of blended cement, with the addition of highest quality limestone, of super quality and well above acceptable strength limits. The three composite cement types CEM II 52.5N, CEM II 42.5R, CEM II 32.5R offer vast environmental benefits since the amount of clinker in the cement is lower and therefore help reduce further the Company's global CO₂ emissions.

VASSILIKO CEMENT WORKS PUBLIC COMPANY LTD

STRATEGIC COLLABORATIONS - CUSTOMER SERVICE

The Company participates since 2001 with 30% in Pyrga Quarries Ltd, in collaboration with the Ioannou & Paraskevaides Group for the production of aggregates.

In 2004, Vassiliko Cement Works Ltd, building materials division participates with 51% in the ready mix concrete Company A.E.S. Atlas Beton Ltd located in the northern Paphos district at Drousia area. This Company is newly formed with brand new and modern production equipment and owns a fleet of 10 truck-mixers and 4 concrete pumps for best service of the customer. The Company, with over 120.000m³ annual capacity, is focused to the customer needs and the quality assurance continuing the tradition of Vassiliko Cement Works.

After the first successful operation into the ready-mix concrete sector, Vassiliko Cement Works expanded further to the southern Paphos district through its subsidiary Estia Ready Mix Concrete Ltd.

CUSTOMER SERVICE

The Company implemented the CRM system, a modern software package, as a part of the reorganization procedure of all the Company's activities in Cyprus and abroad in order to offer even better customer service and support.

The Company in order to support the Customer Service Division has now created its own fleet of transport of cement in collaboration with Staleko Ltd, which operates as a contractor delivering bagged and bulk cement in the Cyprus market. This activity offers the opportunity to the Company to be closer to the customers needs.

VASSILIKO CEMENT WORKS PUBLIC COMPANY LTD

QUALITY SYSTEM

Vassiliko Cement Works considers quality and customers' satisfaction as indispensable ingredients of its success.

The Company's commitment to continuous improvement and technical upgrading has resulted in the development and implementation of a management and quality system. All Vassiliko products fulfil the normative requirements, in the line with the Company's policy for the control and continuous improvement of the product quality.

The installed Quality System controls and regulates effectively the main properties of the semi final and final products in order to have the minimum possible deviations from the quality targets. This management and quality system gives emphasis on prevention rather than correction and has led to the award to Vassiliko Cement Works of the International Quality Certificate ISO 2002 in June 1996 and the "CE" product certification in June 2001.

Quality means customer satisfaction, and towards this target, a Technical Assistance Department was created in 2001 which offers to the clients the access to Vassiliko Cement Works and Italcementi Group know-how. This fact constitutes a further reassurance to our customers and a guarantee of consistent product quality and excellence of service.

Additionally, Vassiliko Cement Works organizes seminars of technical nature to its customers, aiming to improve further the quality of the final product.

Notice of Annual General Meeting

The 40th annual general meeting of the shareholders of Vassiliko Cement Works Public Company Ltd will be held at the HILTON PARK Hotel in Lefkosia, on Tuesday 30 May 2006 at 3:30 p.m. to transact the following business:

- 1. Consider the annual report of the Board of Directors for the year 2005.**
- 2. Receive, consider and approve the annual financial statements and the report of the auditors for the year 2005.**
- 3. Approve the additional dividend for the year 2005.**
- 4. Fix the remuneration of the directors for the year 2006.**
- 5. Elect new directors in the place of those who retire.**
- 6. Re-appoint Messrs KPMG as the auditors of the Company and fix the remuneration for the year 2006.**
- 7. Transact any other business which, in accordance with the Company's Articles of Association, can be presented at the annual general meeting.**

By order of the Board

M. MAVRIDOU

Secretary

Lefkosia, 27 April 2006.

A shareholder entitled to attend and vote at the above-mentioned general meeting is entitled to appoint a Proxy to attend and vote on his/her behalf. The relevant Instrument of Proxy must be drawn in accordance with article no. 70 of the Company's Articles of Association and must be deposited at the Registered Office of the Company (1A Kyriakos Matsis Avenue, P.O. Box 22281, 1519 Lefkosia, Cyprus) at least 48 hours before the time set for the general meeting. The Proxy who will be appointed need not be a member of the Company.

The additional dividend for 2005 will be subject to the approval of the annual general meeting and will be paid to the shareholders who will be registered on 13 June 2006. In accordance with the rules of securities dealing, the transactions that will be concluded during the two stock exchange meetings immediately preceding 13 June 2006 (8 June-9 June 2006) will be considered ex dividend, i.e. they will not include the dividend that is payable, which belongs to the transferor irrespective of whether he/she signed the transfer deed within the above period. Payment of the dividend will be made (effected) till the 29 June 2006.

Notice of Annual General Meeting *(continuation)*

Explanatory Notes

The formal Notice of the 2006 AGM is set out above. The Notice asks Vassiliko Cements Works shareholders to approve a number of items of business. For your information, the explanatory notes below summarise the purpose of each Resolution to be voted on by Vassiliko Cement Works shareholders at this year's AGM.

• **Resolution 1: To consider the Annual Report**

The Chairman will present the Annual Report of the Board of Directors for the year ended 31 December 2005 to the meeting.

• **Resolution 2: To receive consider and approve the Annual Financial Statements and the Report of the Auditors**

The Chairman will present the Annual Financial Statements and Messrs KPMG will present their Audit Report for the year ended 31 December 2005 to the meeting.

• **Resolution 3: Dividend**

The Directors have proposed a final dividend of 2 cents per Ordinary Share. If approved at the AGM, the dividend will be paid to the shareholders who will be registered on 13 June 2006.

• **Resolutions 4: Re-appointment of Directors**

In accordance with Company's Articles of Association, as a Director appointed since the 2005 Mr. Frixos Savvides will be standing down and offering himself for re-appointment by Vassiliko Cement Works shareholders. Mr. Frixos Savvides was appointed Independent Non-Executive Director on 27 April 2006. In addition Stefanos Kaloyeros, Georgios Sideris and Jean-Yves Gestin are the Directors who will be retiring by rotation this year and are standing for re-appointment in accordance with the Company's Articles of Association.

Brief details of all Directors appear on page 22 of the Annual Report.

• **Resolution 5: To fix the remuneration of the Directors**

The Shareholders are asked to approve the remuneration of the Directors for the year 2006 to remain the same as that for the previous year i.e.

£4.000 for the Chairman

£3.000 for each of the Directors

• **Resolution 6: Re-appointment of Auditors**

This resolution relates to the re-appointment of KPMG as the Company's auditors to hold office until the next AGM of the Company, and to authorise the Directors to set their remuneration.

Declaration

Declaration of the Members of the Board of Directors and the Company Officials responsible for the drafting of the Financial Statements.

We the members of the Board of Directors and the company officials responsible for the drafting of the financial statements of Vassiliko Cement Works Public Company Ltd for the year ended 31 December 2005, based on our knowledge, which is the product of careful and conscientious work, declare that the particulars which are specified in the consolidated financial statements are true and complete.

PAMBOS IOANNIDES

PANAYIOTIS HADJIPANTELIS

FRIXOS SAVVIDES

• Responsible for drafting the Financial Statements:

GEORGIOS S. SAVVA, Financial Manager

Lefkosia, 27 April 2006.

Directors' Report

The Board of Directors of Vassiliko Cement Works Public Company Ltd (the 'Company') presents to the members its annual report together with the audited consolidated financial statements for the year ended 31 December 2005.

• Financial statements

The consolidated financial statements for the year 2005 include the results of the holding company and its subsidiary and associate companies.

• Principal activities

The Group principal activities are the production of clinker and cement, which are sold in the local and international markets. The Group also has a presence in the ready mix concrete market and aggregates quarrying through its subsidiary and associated companies.

• Review of developments, position and performance of the operations

During the past year, the industry faced the challenge of the increasing energy costs which affected negatively the total production cost. The profits of the Company for 2005, however, improved compared to 2004, as a result of a series of development measures taken, aiming towards the mitigation of the effects of the increased energy cost that affected significantly the industry as well as many other sectors of the economy.

The marginal growth of the local market, where the total cement sales during 2005 reached 1,59 million tones compared to 1,54 million tones during the previous year, an increase of 3,4%, had a positive contribution. The cement and clinker sales of our Company in the Cyprus market reached 1,16 million tones compared to 1,1 million tones during the previous year, while the export sales reached 246.000 tones compared to 205.000 tones during 2004. As a result, the total cement and clinker sales of the Company amounted to 1,4 million tones for the year 2005 compared to 1,3 tones for 2004, an increase of 8%.

Beyond the aforementioned increase in total cement and clinker sales achieved in 2005, a new cement product with increased strength, which is also friendlier to the environment, was successfully introduced. With the introduction of this new product, the number of offered cement types to the local market was increased to six, offering more quality choices to the Cypriot consumer.

The implementation of the investment program of the last few years in new technology, in connection with other measures that were applied for the optimisation of the production process, like the use of renewable energy sources and the operation of the power station on the cogeneration basis, covering the 25% of the electricity needs of the plant, moderated the negative effect of the increasing cost of energy. Following the successful results of the initial investment in power generation, the Company will proceed during the current year with a further investment of £1,5 million to double the capacity of its power station to 10MW.

In addition to the above actions that are in full compliance with the environmental policy of the Company for sustainable development, the Company, as it is already known, will proceed with the construction of a new clinker silo with total capacity of 90.000 tones. The total investment is expected to reach £6 million and will be completed in 2007. This project is expected to help enormously the efforts for the protection of the environment, reducing significantly the dust emission levels, while it will contribute significantly towards the improvement of the final product quality and to the reduction of operating cost.

Directors' Report *(continuation)*

• Financial results

The results of the Group are presented in the consolidated profit and loss account. The net profit after taxation for the year ended 31 December 2005 amounted to £6.926.000 compared to a net profit of £5.029.000 in 2004. The Board of Directors proposes the payment of a dividend as shown below and the transfer of the net profit for the year to the profit and loss reserve.

• Dividends

Following the payment of an interim dividend of £806.000 in December 2005, which represents 1,5 cents per share, the Board of Directors recommend the payment of an additional dividend of £1.075.000 or 2 cents per share, so that the total dividend for 2005 will amount to £1.881.000 or 3,5 cents per share, which equals the dividend payment out of the profits of 2004.

• Main risks and uncertainties

Statements made in this report that are not historical facts, including our expectations for future volume and pricing trends, demand for our products, energy costs and other market developments are forward looking statements. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions ("Factors"), which are difficult to predict.

Some of the Factors that could cause actual results to differ materially from those expressed in the forward-looking statements include, but are not limited to: the cyclical nature of the Company's business; national and regional economic conditions; currency fluctuations; seasonal nature of the Company's operations; levels of construction spending and, in particular, in Government infrastructure projects announced; supply/demand structure of the industry; competition from new or existing competitors; unfavorable weather conditions during peak construction periods; changes in and implementation of environmental and other governmental regulations. In general, the Company is subject to the risks and uncertainties of the construction industry. The forward-looking statements are made as of this date and the Company undertakes no obligation to update them, whether as a result of new information, future events or otherwise.

• Future developments

Overall, based on recent trends, markets are expected to remain favourable in 2006.

As far as costs are concerned, after the record increases of the last two years, we expect energy and logistics costs to further increase in 2006. As in previous years, risk management policies and performance programs should help to mitigate the impact of these increases.

• Share capital

During the year there were no changes to the share capital of the Company.

• Branches

During the year the Group did not operate any branches.

Directors' Report *(continuation)*

• Board of Directors

The members of the Board of Directors on the date of the report appear on page 10. In accordance with the Company's Articles of Association (Article 92), at the present general meeting Messrs Stefanos Kaloyeros, Georgios Sideris and Jean-Yves Gestin retire from office by rotation and being eligible, offer themselves for re-election.

Mr. Frixos Savvides, who was appointed by the Board of Directors on 27 April 2006 in order to fill the vacancy created by the resignation of Mr. Theodoros Aristodemou, is subject to retirement (Article 97) at the present general meeting and, being eligible, offers himself for re-election.

The Directors who served during the period from 26 May 2005, the date of the last annual general meeting, till this date were the following:

Andreas Panayiotou
Michel Lefebvre
Georgios A. Sideris
Jean-Yves Gestin
Theodoros Aristodemou (resigned on 27 April 2006)
Stefanos Chr. Kaloyeros
Giorgio Ghinaglia
Pambos Ioannides
Panayiotis Hadjipantelis
Frixos Savvides (appointed on 27 April 2006)

The responsibilities of the Directors as members of the Board Committees are disclosed in the Corporate Governance Report.

There were no material changes to the compensation of the Board of Directors.

• Post balance sheet events

There were no material post balance sheet events.

• Auditors

The auditors of the Company, Messrs KPMG, have expressed their willingness to continue in office. A resolution to fix their remuneration will be proposed at the Annual General Meeting.

On behalf of the Board of Directors
ANDREAS PANAYIOTOU
Executive Chairman

Lefkosia, 27 April 2006.

Corporate Governance

[Section A]

The Company has adopted and fully implements the Corporate Governance Code issued by the Cyprus Stock Exchange prepared procedures and regulations in order to ensure compliance with the Code.

[Section B]

» The Board

The Company is headed by the Board of Directors which at 31 December 2005 comprised three executive and six non-executive directors and is responsible to the shareholders for the proper management of Vassiliko Cement Works Public Company Ltd and its subsidiaries. All non-executive directors are considered to be independent of management according to the principles laid in the 1st Edition of the Corporate Governance Code. The Board has six scheduled meetings a year, setting and monitoring the Group's strategy, reviewing trading performance, ensuring adequate funding, examining major capital expenditure, formulating policy on key issues and reporting to shareholders where appropriate. The Board of Directors convened 7 times during 2005. In accordance with best practice, the Board has established the Audit Committee, the Remunerations Committee and Nominations Committee as per the requirements of the code. The Company Secretary is responsible to and appointed by the Board and all directors have access to her advice and services. Directors may obtain independent professional advice if necessary, at the Company's expense. Formal agendas, papers and reports are supplied to directors in a timely manner, prior to Board meetings. Briefings are also provided at other times, for example, through operational visits and business presentations. The Board has a strong and independent non-executive element and no individual or group dominates the Board's decision taking. The Board considers that each of the non-executive directors is independent of management and free from any business or other relationship which could materially interfere with the exercise of their independent judgement.

» Chairman and Group General Manager

There is a division of responsibility for the management of the Group between the Executive Chairman and the Director and General Manager.

The executive Chairman has, among others, the following responsibilities and role:

- (a) Determines, in collaboration with the General Manager, the Agenda of the meeting of the Board of Directors.
- (b) Chairs the Meetings of the Board of Directors and the General Meetings of the Shareholders of the Company.
- (c) Reviews the information and documents and confirms their relevance in order to be submitted to the Members of the Board of Directors prior to the Board Meetings.
- (d) Has periodic meetings with the Management of the Company to discuss various specific subjects.
- (e) Reviews the strategy of the Company with the Executive Vice- Chairman and the General Manager of the Company before the meeting of the Board of Directors convened to consider the above subject.
- (f) Represents the Company in all its major dealings.
- (g) Meets with the major shareholders of the Company and conveys their suggestions to the Board of Directors.

Corporate Governance *(continuation)*

- (h) Together with the General Manager represent the Company at various meetings for the promotion of the strategic targets of the Company.
- (i) Cooperates with the Executive Vice-Chairman and the General Manager of the Company to determine and form the strategic targets of the Group according to the developments of the sector within which the Group operates and secure the thorough appraisal of the Company's strategic or other development proposals and the presentation thereof to the Board of Directors for final approval.
- (j) Confirms the existence of efficient system of control of the progress of implementation of the above targets and of the updating of the Board of Directors.
- (k) In understanding with the Executive Vice Chairman evaluates and promotes various other proposals of the General Manager.

The General Manager of the Company, among others, has the following responsibilities:

- (a) Manages the Company according to the strategy and the commercial targets determined by the Board of Directors.
- (b) Safeguards the daily smooth operation of the Company in line with the policy, the targets and the budgets approved by the Board of Directors.
- (c) Ensures timely and effective implementation of the strategic resolutions of the Board of Directors in understanding with the Executive Chairman and the Executive Vice Chairman of the Group.
- (d) In co-operation with the Executive Chairman manages the business development of the Company's activities, its subsidiary and associated companies.
- (e) Is responsible to inform the Executive Chairman and the Executive Vice-Chairman, in regular intervals of time, regarding all the major issues of the Company, including the current status of the operations of the Company.

» Appointments to the Board

The Nominations Committee is chaired by Dr A. Panayiotou (Executive Chairman) and is composed of four other directors, Messrs M. Lefebvre (Executive Vice-Chairman), P. Ioannides (Independent non-Executive Director), P. Hadjipantelis (Independent non-Executive Director) and St. Kaloyeros (Independent non-Executive Director). The Nominations Committee is responsible for the selection and nomination of any new director, for the Board's consideration. The Committee is responsible to carry out a selection process. Upon the appointment of a new director, appropriate training is provided as required. In accordance with the Articles of Association of the Company and the Corporate Governance Code, the directors retire every three years by rotation and, if eligible, may offer themselves for re-election. The Board has set the 75th year of age as the year of retirement.

» Relations with Shareholders

Importance is attached to maintaining a dialogue with the Company's institutional shareholders. Meetings are held with analysts and institutional shareholders on a regular basis. The annual general meeting is used as a forum for communicating with shareholders, providing briefings on the Company's performance during the year under review and current business activity. There will be the opportunity for shareholders to meet with and put questions to the directors, including the chairmen of the Audit, Nominations and Remunerations Committees. At annual general meetings, separate resolutions are proposed on each substantially separate issue and the

Corporate Governance *(continuation)*

number of proxy votes received for and against each resolution is announced. Members with voting rights of 5% may place items on the agenda of annual general meetings at least fifteen days before the notice of the meeting. Notices of annual general meetings are sent to shareholders at least 21 days before the meeting. The Board of Directors appointed Mr. Georgios Savva as Investor Liaison Officer to facilitate better communication with investors and shareholders.

» Financial Reporting

The preparation and presentation of this report and financial statements and other price sensitive public reports, seek to ensure that reports are prepared in a way that represents a balanced and understandable assessment of the Group's position and prospects.

» Internal Control

Risk assessment and review is carried out by the executive management with details of significant risks being documented. Periodic reports relating to significant risks and associated controls are prepared from this documentation and presented to the Board for its review. The Board has overall responsibility for the Group's systems of internal control and for reviewing their effectiveness. On the basis of the process described above during the year the Internal Auditors prepare Internal Audit Reports addressed to the Audit Committee which informs the Board through its Annual Internal Audit Report. According to the Internal Auditors Reports the systems of internal control do not present any significant weaknesses. The Board has reviewed the key risks inherent in the Group, together with the operating, financial and compliance controls that have been implemented to mitigate those key risks. However, any system of internal control can provide only reasonable and not absolute assurance against material misstatement or loss. The Board has put in place an organisation structure with clearly defined lines of accountability and delegated authority. The principles have been designed to establish clear local operating autonomy within a framework of central leadership, stated aims and objectives. Procedures are established for business planning, budgeting, capital expenditure approval and treasury management. The executive directors regularly review the operating performance of each business and monitor progress against business plans.

» Audit Committee and Auditors

The Audit Committee comprises of Messrs J. Y. Gestin (Chairman-Independent non-Executive Director), Th. Aristodemou (Independent non-Executive Director) (resigned on 27th April 2006), St. Chr. Kaloyeros (Independent non-Executive Director), and P. Hadjipantelis (Independent non-Executive Director). The Committee meets at least twice a year and provides a forum for reporting by the Group's external and internal auditors who have access to the Committee for independent discussion, without the presence of the executive directors. The Audit Committee reviews a wide range of financial matters including the annual and quarterly results, statements and accompanying reports, before their submission to the Board and monitors the controls which are in force to ensure the integrity of the financial information reported to shareholders. The Audit Committee also advises the Board on the appointment of external auditors and on their remuneration both for audit and non-audit work. The Group's internal audit function monitors the internal control system and reports to management and to the Audit Committee. Management is responsible for the implementation of the systems recommendations made by internal audit that carry out post-implementation reviews. The external auditors carry out independent and objective reviews and tests of the internal financial control processes, only to the extent that they consider necessary to form their judgement when expressing their audit opinion on the accounts.

Corporate Governance *(continuation)*

» **Going Concern**

After making appropriate enquiries, the directors consider that the Group has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the accounts.

» **Remunerations Committee**

The Remunerations Committee of the Board is responsible for ensuring that the remuneration packages awarded to executive directors are appropriate to individual levels of responsibility and performance, are consistent with the Company's remuneration policy, and are in line with the principles of the Corporate Governance Code. The Remunerations Committee is composed of three non-executive directors who have no financial interest in the Group, no personal interest in the Committee's deliberations, and no involvement in the day-to-day management of the Group's operations. The members of the Committee are Messrs P. Hadjipantelis (Independent non-Executive Director), P. Ioannides (Independent non-Executive Director), and J. Y. Gestin (Independent non-Executive Director). The Committee will usually meet at least once a year. The Group Executive Chairman and Vice-Chairman will normally be invited to attend its meetings in order to make recommendations regarding the remuneration for the executive directors (other than their self). External legal and consultancy advice is obtained when necessary. The Group Executive Chairman and Vice-Chairman are not present when their own remunerations are discussed.

» **Remuneration Policy**

The Board's policy is to employ high calibre people for its key positions. It requires a corresponding level of performance from those people and seeks to reward accordingly. The Group may commission special reviews from time to time to assess the directors' compensation levels. Account is taken of the salary and total remuneration levels prevailing in comparable jobs both inside and outside the Construction and Building Materials sector, together with the individual performance and contribution of each executive director. The remuneration of executive directors consists of basic salary, a short-term incentive plan (annual bonus) and benefits. The Board considers that packages of this nature are consistent with prevailing practice and are necessary to attract, retain and reward executives of the calibre the Group requires. In framing the policy, the Board has given full consideration to the provisions of the Corporate Governance Code. The remunerations of the executive directors under their capacity as executives were as follows:

| Earnings | Number of directors |
|------------------------------|----------------------------|
| Up to £50,000 | 2 |
| Between £50,000 and £100,000 | 1 |

» **Employment Contracts**

Employment of executive directors are for indefinite periods, however notice periods do not exceed one year as per the requirements of the Corporate Governance Code.

Corporate Governance *(continuation)*

» **Non-executive Directors**

The remuneration of the directors, both executive and non-executive, for services rendered to the Company as directors, is determined by the annual general meeting of the Company on the proposal of the Board. The non-executive directors have letters of appointment for a three-year term. They do not participate in any profit sharing, share option or other incentive scheme. The remunerations for each of the directors for 2005 were £3.000 and £4.000 for the Chairman.

» **Directors Seeking Re-Election**

All the directors are subject to election by the shareholders at the first Annual General Meeting that follows their appointment and thereafter retire every three years. According to the Articles of Association, one third of the nine Company directors retire from the Board at every Annual General Meeting. The directors liable to retirement according to the above provisions are those who served as members of the Board for the longest period since their last election.

In accordance with the Company's Articles of Association (Article 92), at the next shareholders Annual General Meeting Messrs Stefanos Kaloyeros (Independent non-Executive Director), Jean-Yves Gestin (Independent non-Executive Director) and Georgios Sideris (General Manager-Executive Director) shall retire from office by rotation and, being eligible, may offer themselves for re-election.

Mr Frixos Savvides, who was appointed by the Board of Directors on 27 April 2006 in order to fill the vacancy created by the resignation of Mr Theodoros Aristodemou, is subject to retirement (Article 97) at the next General Meeting and, being eligible, shall offer himself for re-election.

» **Loans to directors**

No loans were made to the directors of the Company or to directors of any sister company or subsidiary company.

» **Compliance with the Code of Corporate Governance Officer**

The Board of Directors appointed Mr. Georgios Savva, Financial Manager of the Company, at the position of Compliance with the Code of Corporate Governance Officer.

» **Board of Directors Confirmation**

The Board of Directors assures that to the best of its knowledge, there has been no violation of the Securities and Stock Exchange of Cyprus Law and Regulations.

Lefkosia, 27 April 2006.

Auditors' Report to the Members of Vassiliko Cement Works Public Company Ltd

Report on the consolidated financial statements:

1. We have audited the consolidated financial statements of Vassiliko Cement Works Public Company Limited (the Company) and its subsidiaries (the Group) on pages 26 to 47, which comprise the consolidated balance sheet as at 31 December 2005 and the consolidated income statement, consolidated statement of recognised income and expense and consolidated statement of cash flows for the year then ended, and the related notes. These financial statements are the responsibility of the Company's Board of Directors. Our responsibility is to express an opinion on these financial statements based on our audit. This report is made solely to the Company's members, as a body, in accordance with Section 156 of the Companies Law, Cap. 113. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

2. We conducted our audit in accordance with International Standards on Auditing. Those Standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the Board of Directors, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

3. In our opinion, the consolidated financial statements give a true and fair view of the financial position of the Group as of 31 December 2005 and of its financial performance and its cash flows for the year ended in accordance with International Financial Reporting Standards as adopted by the EU and International Financial Reporting Standards as issued by the IASB and the requirements of the Cyprus Companies Law, Cap. 113.

Report on other legal requirements:

4. Pursuant to the requirements of the Companies Law, Cap. 113, we report the following:

- We have obtained all the information and explanations we considered necessary for the purposes of our audit.
- In our opinion, proper books of account have been kept by the Company.
- The Company's financial statements are in agreement with the books of account.
- In our opinion, and to the best of the information available to us and according to the explanations given to us, the consolidated financial statements give the information required by the Companies Law, Cap. 113, in the manner so required.
- In our opinion, the information given in the report of the Board of Directors on pages 14 to 16 is consistent with the financial statements.

| Total recognised income and expense for the year | | 7.462 | 5.474 |

As from 1 January 2003, companies which do not distribute 70% of their profits after tax, as defined by the Special Contribution for the Defence of the Republic Law, during the two years after the end of the year of assessment to which the profits refer, will be deemed to have distributed this amount as dividend. Special contribution for defence at 15% will be payable on such deemed dividend to the extent that the shareholders (individuals and companies) at the end of the period of two years from the end of the year of assessment to which the profits refer are Cyprus tax residents. The amount of this deemed dividend distribution is reduced by any actual dividend paid out of the profits of the relevant year at any time. This special contribution for defence is paid by the company for the account of the shareholders.

The notes of pages 30 to 47 form an integral part of the financial statements.

The notes of pages 30 to 47 form an integral part of the financial statements.

Notes to the Consolidated Financial Statements

For the year ended 31 December 2005

1. Significant accounting policies

Vassiliko Cement Works Public Company Ltd (the "Company") is a company domiciled in Cyprus. The consolidated financial statements of the Company for the year ended 31 December 2005 comprise the Company and its subsidiaries (together referred to as the "Group") and the Group's interest in associates.

The financial statements were authorised for issue by the directors on 27 April 2006.

a. Statement of compliance

The consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union (EU) and International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board (IASB). The consolidated financial statements comply with both these reporting frameworks because at the time of their preparation all applicable IFRSs issued by the IASB have been adopted by the EU through the endorsement procedure established by the European Commission. In addition, the consolidated financial statements have been prepared in accordance with the requirements of the Cyprus Companies Law, Cap. 113.

b. Basis of preparation

The financial statements are presented in Cyprus Pounds, rounded to the nearest thousand. They are prepared on the historical cost basis, except that the following assets are stated at their fair value: Land and buildings, Vassiliko port, financial instruments classified as available for sale and investment property.

The preparation of financial statements in conformity with IFRSs required management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The accounting policies set out below have been applied consistently to all periods presented in these consolidated financial statements.

The accounting policies have been applied consistently by Group entities.

c. Basis of consolidation

i. Subsidiaries

Subsidiaries are entities controlled by the Company. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that presently are exercisable or convertible are taken into account. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

Significant accounting policies (continuation)

ii. Associates

Associates are those entities in which the Group has significant influence but no control, over the financial and operating policies. The consolidated financial statements include the Group's share of the total recognised gains and losses of associates on an equity accounted basis, from the date that significant influence commences until the date that significant influence ceases. When the Group's share of losses exceeds its interest in an associate, the Group's carrying amount is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of an associate.

iii. Transactions eliminated on consolidation

Intragroup balances and any unrealised gains and losses or income and expenses arising from intragroup transactions, are eliminated in preparing the consolidated financial statements. Unrealised gains arising from transactions with associates are eliminated to the extent of the Group's interest in the entity. Unrealised losses are eliminated in the same way as unrealised gains, but only to the extent that there is no evidence of impairment.

d. Foreign currency transactions

Transactions in foreign currencies are translated at the foreign exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated to Cyprus Pounds at the foreign exchange rate ruling at that date. Foreign exchange differences arising on translation are recognised in the income statement.

e. Property, plant and equipment

i. Owned assets

Items of property, plant and equipment are stated at cost as deemed cost less accumulated depreciation and impairment losses (see accounting policy k). The cost of self-constructed assets includes the cost of materials, direct labour, the initial estimate, where relevant, of the costs of dismantling and removing the items and restoring the site on which they are located, and an appropriate proportion of production overheads.

Property that is being constructed or developed for future use as investment property is classified as property, plant and equipment and stated at cost until construction or development is complete, at which time it is reclassified as investment property.

Where parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items of property, plant and equipment.

ii. Subsequent costs

The Group recognises in the carrying amount of an item of property, plant and equipment the cost of replacing part of such an item when that cost is incurred if it is probable that the future economic benefits embodied with the item will flow to the Group and the cost of the item can be measured reliably. All other costs are recognised in the income statement as an expense as incurred.

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

Significant accounting policies (continuation)

iii. Depreciation

Depreciation is charged to the income statement on a straight-line basis over the estimated useful lives of each part of an item of property, plant and equipment. Land is not depreciated. The estimated useful lives are as follows:

| | |
|--------------------------------|--------------------------|
| Buildings | 20-50 years |
| Vassiliko Port | 50 years (term of lease) |
| Machinery, plant and equipment | 6-40 years |

f. Intangible assets

i. Goodwill

All business combinations are accounted for by applying the purchase method. Goodwill represents amounts arising on acquisition of subsidiaries and associates. Goodwill represents the difference between the cost of the acquisition and the fair value of the net identifiable assets acquired.

Goodwill is stated at cost less any accumulated impairment losses. Goodwill is allocated to cash-generating units and is no longer amortised but is tested annually for impairment (see note 11) . In respect of associates, the carrying amount of goodwill is included in the carrying amount of the investment in the associate.

Negative goodwill arising on an acquisition is recognised directly in profit or loss.

ii. Other intangible assets

Other intangible assets that are acquired by the Group are stated at cost less accumulated amortisation and impairment losses (see accounting policy k).

Expenditure on internally generated goodwill and brands is recognised in the income statement as an expense as incurred.

iii. Subsequent expenditure

Subsequent expenditure on capitalised intangible assets is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure is expensed as incurred.

v. Amortisation

Amortisation is charged to the income statement on a straight-line basis over the estimated useful lives of intangible assets unless such lives are indefinite. Goodwill and intangible assets with an indefinite useful life are systematically tested for impairment at each balance sheet date. Other intangible assets are amortised from the date they are available for use. The estimated useful lives are as follows:

| | |
|-------------------|---------|
| Computer software | 3 years |
|-------------------|---------|

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

Significant accounting policies (continuation)

g. Investments

i. Investments in equity securities

Equity financial instruments held by the Group are classified as being available-for-sale and are stated at fair value, with any resultant gain or loss being recognised directly in equity, except for impairment losses and, in the case of monetary items such as debt securities, foreign exchange gains and losses. When these investments are derecognised, the cumulative gain or loss previously recognised directly in equity is recognised in profit or loss. Where these investments are interest-bearing, interest calculated using the effective interest method is recognised in profit or loss.

The fair value of financial instruments classified as held for trading and available-for-sale is their quoted bid price at the balance sheet date.

Financial instruments classified as held for trading or available-for-sale investments are recognised / derecognised by the Group on the date it commits to purchase / sell the investments. Securities held-to-maturity are recognised / derecognised on the day they are transferred to / by the Group.

ii. Investment property

Investment properties are properties which are held either to earn rental income or for capital appreciation or for both. Investment properties are stated at fair value. An external, independent valuation company, having an appropriate recognised professional qualification and recent experience in the location and category of property being valued, values the portfolio at regular intervals. The fair values are based on market values, being the estimated amount for which a property could be exchanged on the date of valuation between a willing buyer and a willing seller in an arm's length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion.

Any gain or loss arising from a change in fair value is recognised in the income statement. Rental income from investment property is accounted for as described in accounting policy p.

When an item of property, plant and equipment is transferred to investment property following a change in its use, any differences arising at the date of transfer between the carrying amount of the item immediately prior to transfer and its fair value is recognised directly in equity if it is a gain. Upon disposal of the item the gain is transferred to retained earnings. Any loss arising in this manner is recognised immediately in the income statement.

If an investment property becomes owner-occupied, it is reclassified as property, fixtures and fittings and its fair value at the date of reclassification becomes its cost for accounting purposes of subsequent recording.

When the Group begins to redevelop an existing investment property for continued future use as investment property, the property remains an investment property, which is measured based on fair value model, and is not reclassified as property, plant and equipment during the redevelopment.

h. Trade and other receivables

Trade and other receivables are stated at their cost less impairment losses (see accounting policy k).

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

Significant accounting policies (continuation)

i. Inventories

Inventories are stated at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

The cost of other inventories is based on the average cost and includes expenditure incurred in acquiring the inventories and bringing them to their existing location and condition. In the case of manufactured inventories and work in progress, cost includes an appropriate share of overheads based on normal operating capacity.

j. Cash and cash equivalents

Cash and cash equivalents comprises cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash and cash equivalents for the purpose of the statement of cash flows.

k. Impairment

The carrying amounts of the Group's assets, other than investment property (see accounting policy g), inventories (see accounting policy i) and deferred tax assets (see accounting policy r), are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated.

For goodwill, assets that have an indefinite useful life and intangible assets that are not yet available for use, the recoverable amount is estimated at each balance sheet date.

An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in the income statement.

Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to cash-generating units (group of units) and then, to reduce the carrying amount of the other assets in the unit (group of units) on a pro rata basis.

When a decline in the fair value of an available-for-sale financial asset has been recognised directly in equity and there is objective evidence that the asset is impaired, the cumulative loss that had been recognised directly in equity is recognised in profit or loss even though the financial asset has not been derecognised. The amount of the cumulative loss that is recognised in profit or loss is the difference between the acquisition cost and current fair value, less any impairment loss on that financial asset previously recognised in profit or loss.

l. Interest-bearing borrowings

Interest-bearing borrowings are stated at cost.

m. Employee benefits

Obligations for contributions to defined contribution schemes are recognised as an expense in the income statement as incurred.

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

Significant accounting policies (continuation)

n. Provisions

A provision is recognised in the balance sheet when the Group has a present legal or constructive obligation as a result of a past event, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

o. Trade and other payables

Trade and other payables are stated at cost.

p. Revenue

i. Goods sold

Revenue from the sale of goods is recognised in the income statement when the significant risks and rewards of ownership have been transferred to the buyer. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

ii. Rental income

Rental income from investment property is recognised in the income statement on a straight-line basis over the term of the lease.

iii. Government grants

Government grants are recognised in the balance sheet initially as deferred income when there is reasonable assurance that it will be received and that the Group will comply with the conditions attaching to it. Grants that compensate the Group for expenses incurred are recognised as revenue in the income statement on a systematic basis in the same periods in which the expenses are incurred. Grants that compensate the Group for the cost of an asset are deducted from the carrying amount of the asset.

q. Expenses

i. Operating lease payments

Payments made under operating leases are recognised in the income statement on a straight-line basis over the term of the lease. Lease incentives received are recognised in the income statement as an integral part of the total lease expense.

ii. Net financing costs

Net financing costs comprise interest payable on borrowings calculated using the effective interest rate method, interest receivable on funds invested, dividend income, foreign exchange gains and losses, and gains and losses on hedging instruments that are recognised in the income statement.

Interest income is recognised in the income statement as it accrues, using the effective interest method. Dividend income is recognised in the income statement on the date the entity's right to receive payments is established which in the case of quoted securities is usually the ex-dividend date.

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

Significant accounting policies (continuation)

r. Income tax

Income tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity.

As from 1 January 2003, companies which do not distribute 70% of their profits after tax, as defined by the Special Contribution for the Defence of the Republic Law, during the two years after the end of the year of assessment to which the profits refer, will be deemed to have distributed this amount as dividend. Special contribution for defence at 15% will be payable on such deemed dividend to the extent that the shareholders (individuals and companies) at the end of the period of two years from the end of the year of assessment to which the profits refer are Cyprus tax residents. The amount of this deemed dividend distribution is reduced by any actual dividend paid out of the profits of the relevant year at any time. This special contribution for defence is paid by the company for the account of the shareholders and is recognised directly in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided using the balance sheet liability method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: goodwill not deductible for tax purposes, the initial recognition of assets or liabilities that affect neither accounting nor taxable profit, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

s. Segmental reporting

A segment is a distinguishable component of the Group that is engaged either in providing products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments.

No reportable segments that represented 10% or more of total revenue, or 10% of the combined results of all segments, or 10% of the total assets of all segments were identified during the year.

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

2. Revenue

Revenue represents amounts invoiced to third parties during the year, stated net of value added tax, as follows:

| Revenue analysis: | 2005 £000 | 2004 £000 |
|---------------------|---------------|---------------|
| Local cement sales | 38.764 | 35.270 |
| Export cement sales | 4.516 | 3.238 |
| Concrete sales | 2.506 | 892 |
| Freight charges | - | 248 |
| Other | 84 | 19 |
| | 45.870 | 39.667 |

3. Other operating income

| | 2005 £000 | 2004 £000 |
|---|--------------|--------------|
| Income from Vassiliko Port | 432 | 320 |
| Rental of investment property | 191 | 77 |
| Gain on sale of property, plant and equipment | 34 | 2 |
| Other | 137 | 172 |
| | 794 | 571 |

4. Distribution expenses

| | 2005 £000 | 2004 £000 |
|---|--------------|--------------|
| Freights on export sales | - | 248 |
| Other selling and distribution expenses | 2.278 | 1.836 |
| | 2.278 | 2.084 |

Freights on export sales relate to export contracts on Cost + Freight basis and varies year by year according to the proportion of sales on C+F and FOB terms.

5. Operating profit before financing costs

| | 2005 £000 | 2004 £000 |
|---|--------------|--------------|
| This is stated after charging: | | |
| Directors remuneration as directors | 28 | 19 |
| Directors remuneration as executives | 134 | 124 |
| Staff costs | 6.139 | 5.825 |
| Depreciation of property, plant and equipment | 4.104 | 3.855 |
| Amortisation of intangible fixed assets | 59 | 43 |
| Auditors' remuneration | 15 | 15 |
| | 215 | 207 |
| Average number of employees | 215 | 207 |

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

6. Net financing costs

| | 2005 £000 | 2004 £000 |
|----------------------------------|--------------|--------------|
| Interest income | 19 | - |
| Dividend receivable | - | 15 |
| Financial income | 19 | 15 |
| Interest expense | (160) | (417) |
| Net foreign exchange differences | (34) | 22 |
| Financial expenses | (194) | (395) |
| Net financing costs | (175) | (380) |

7. Income tax expense

Recognised in the consolidated income statement

| | 2005 £000 | 2004 £000 |
|--------------------------------------|--------------|--------------|
| Analysis of charge in year | | |
| Current year tax: | | |
| Income tax on profits of the year | 958 | 816 |
| Special contribution to defence fund | 54 | - |
| Share of tax from associate | 3 | 1 |
| Deferred tax | (294) | - |
| Adjustments for previous periods | 204 | (31) |
| | 925 | 786 |

The Group is subject to income tax at 10%.

Factors affecting the income tax charge for period

| | | |
|--|-------|-------|
| Profit before tax | 7,851 | 5,815 |
| Tax for the year at the applicable tax rates | | |
| Income tax at 10% | 785 | 823 |
| Special contribution for defence | 54 | - |
| Effects of: | | |
| Effect of non-taxable income | (121) | (7) |
| Adjustments to tax charge in respect of previous periods | 204 | (31) |
| Share of tax from associate | 3 | 1 |
| Current tax charge for period | 925 | 786 |

8. Earnings per share

The calculation of earnings per share was based on the profit attributable to ordinary shareholders of £6,926,000 (2004: £5,038,000) and a weighted average number of ordinary shares outstanding during the year ended 53,736,153.

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

9. Property, plant and equipment

| | Land Buildings £000 | Vassiliko Port £000 | Plant and machinery £000 | Total £000 |
|--|---------------------------|---------------------------|--------------------------------|----------------|
| Cost | | | | |
| Balance at 1 January 2004 | 16.181 | 14.021 | 62.994 | 93.196 |
| Acquisitions | 611 | 143 | 3.271 | 4.025 |
| Disposals | - | - | (28) | (28) |
| Balance at 31 December 2004 | 16.792 | 14.164 | 66.237 | 97.193 |
| Balance at 1 January 2005 | 16.792 | 14.164 | 66.237 | 97.193 |

Property, plant and equipment under construction

During the year ended 31 December 2005, the Group acquired land on a long term lease with the intention of constructing a new ready mix concrete plant on the site; costs incurred up to the balance sheet date totalled £1.160.000 (2004:nil).

The construction of the Vassiliko Port was paid for by the Company. The Cyprus Ports Authority, which according to the Cyprus Ports Authority Law is the owner of the port, leased it to the Company for a period of 50 years as from 1 January 1984.

The last revaluation of land and buildings and the Vassiliko port was performed in December 2002 by independent professional appraisers Messrs Antonis Loizou & Associates.

The net book value of the revalued property, plant and equipment that would have been included in the accounts had the assets not been revalued are £4.083.000 (2004: £4.781.000) for land and buildings and £3.558.000 (2004: £4.124.000) for Vassiliko port.

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

10. Investment property

| | 2005 £000 | 2004 £000 |
|--------------------------------------|--------------|--------------|
| Balance at 1 January and 31 December | <u>2.644</u> | 2.644 |

The carrying amount of investment property is the fair value of the property as determined by an independent appraiser. The last revaluation of land and buildings and the Vassiliko port was performed in December 2002 by independent professional appraisers Messrs Antonis Loizou & Associates.

Investment property comprises a number of commercial properties that are leased to third parties or land held for capital appreciation.

11. Intangible assets

| | Goodwill £000 | Software £000 | Total £000 |
|---|-------------------|-------------------|-------------------|
| Cost | | | |
| Balance at 1 January 2004 | - | 505 | 505 |

| At 1 January 2004 | - | 84 | 84 |
| At 31 December 2004 | <u>142</u> | <u>79</u> | <u>221</u> |
| At 1 January 2005 | 142 | 79 | 221 |
| At 31 December 2005 | <u>222</u> | <u>101</u> | <u>323</u> |

Impairment tests for cash-generating units containing goodwill

The recoverable amount of the ready mix concrete units is based on value in use calculations. Those calculations use cash flow projections based on actual operating results and the ten-year business plan. Cash flows for a further 10-year period are extrapolated using a two per cent growth rate and are appropriate because the ready mix concrete is a long-term business. This growth rate is consistent with the long-term average growth rate for the industry. A pre-tax discount rate of nine per cent has been used in discounting the projected cash flows.

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

12. Group entities

| | Principal Activity | Ownership | |
|------------------------------------|------------------------|-----------|------|
| | | 2005 | 2004 |
| Vassiliko (Building Materials) Ltd | Investment company | 100% | 100% |
| Estia Etimo Skirodema Ltd | Concrete production | 100% | - |
| Vassiliko Energy Ltd | Electricity generation | 100% | - |
| Venus Beton Ltd | Dormant company | 51% | 51% |
| AES Atlas Etimo Skirodema Ltd | Concrete production | 51% | 51% |

13. Investments in associates

| | Ownership | |
|--|-----------|------|
| | 2005 | 2004 |
| The Group has the following investments in associates: | | |
| Pyrga Quarry Ltd | 30% | 30% |
| ENERCO - Energy Recovery Limited | 50% | 50% |

The Group's share of post-acquisition total recognised profit or loss in the above associates for the year ended 31 december 2005 was £47.000 (2004 : £32.000).

14. Other investments

| | <u>1.693</u> | <u>1.123</u> |

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

| 15. Inventories | 2005 | 2004 |
|------------------------------------|--------------|---------------|
| | £000 | £000 |
| Raw materials and work in progress | 2.412 | 1.105 |
| Finished goods | 963 | 1.562 |
| Fuel stocks | 1.132 | 1.407 |
| Spare parts and consumables | 3.639 | 6.073 |
| | 8.146 | 10.147 |

| 16. Trade and other receivables | 2005 | 2004 |
|--|--------------|--------------|
| | £000 | £000 |
| Trade debtors net of provisions | 5.771 | 4.317 |
| Amount owed by associate companies | 620 | 611 |
| Other debtors | - | 644 |
| | 6.391 | 5.572 |

Amounts owed by associate companies bear no interest. All other debit balances are receivable within one year and bear no interest.

| 17. Cash and cash equivalents | 2005 | 2004 |
|--|--------------|----------------|
| | £000 | £000 |
| Bank balances | 2.674 | 35 |
| Bank overdrafts | (216) | (1.699) |
| Cash and cash equivalents in the statement of cash flows | 2.458 | (1.664) |

The bank overdrafts are secured by fixed charges on plant and machinery.

| 18. Share capital | 2005 | 2004 |
|-------------------------------------|----------------------|----------------------|
| | 000 | 000 |
| Authorised: | | |
| Ordinary shares of £0,25 each | 60.000 | 60.000 |
| | | |
| | 2005 | 2004 |
| | No. of shares | No. of shares |
| Allotted, called up and fully paid: | | |
| Ordinary shares of £0,25 each | 53.736.153 | 53.736.153 |
| | | |
| | 2005 | 2004 |
| | £000 | £000 |
| | 13.434 | 13.434 |

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

| 19. Reserves | 2005 | 2004 |
|--|----------------------|----------------------|
| | £000 | £000 |
| Share premium | | |
| At 1 January and 31 December | <u>488</u> | <u>488</u> |
| Revaluation reserve | | |
| At 1 January | 17,340 | 17,654 |
| Transfer to deferred tax | 51 | 445 |
| Transfer to the profit and loss account | - | (759) |
| At 31 December | <u>17,391</u> | <u>17,340</u> |
| Revaluation of investments available for sale | | |
| At 1 January | (1,612) | (1,612) |
| Revaluation of investments | 570 | (513) |
| Transfer to the consolidated income statement | - | 513 |
| At 31 December | <u>(1,042)</u> | <u>(1,612)</u> |
| Profit and loss account | | |
| At 1 January | 34,114 | 30,198 |
| Profit for the year | 6,926 | 5,038 |
| Dividends | (1,881) | (1,881) |
| Defence fund on deemed distribution | (85) | - |
| Transfer from revaluation reserve | - | 759 |
| At 31 December | <u>39,074</u> | <u>34,114</u> |
| Total reserves at 31 December | <u>55,911</u> | <u>50,330</u> |

The share premium, revaluation and revaluation of investments available for sale reserves are not available for distribution.

The transfer from revaluation reserve to the retained profits represents the additional depreciation with which the profit and loss account was charged as a result of the revaluation of property, plant and equipment, net of deferred taxation.

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

20. Minority interest

| | 2005 | 2004 |
|--------------------------------------|------|------|
| | £000 | £000 |
| At 1 January | (33) | (24) |
| Profit for the year | - | (9) |
| Transfer to income statement of year | 33 | - |
| At 31 December | - | (33) |

Minority interest as shown in the consolidated balance sheet represents the share of net assets or liabilities of each of the subsidiary companies, which is attributed to shareholders other than those of the Group.

21. Interest bearing loans and borrowings

| | 2005 | 2004 |
|---|-------|-------|
| | £000 | £000 |
| Non-current liabilities | | |
| Unsecured bank loans | 314 | 2,123 |
| Current liabilities | | |
| Current portion of unsecured bank loans | 893 | 1,142 |
| Analysis of maturity of debt: | | |
| Within one year or on demand | 893 | 1,142 |
| Between one and two years | 214 | 1,973 |
| Between two and five years | 100 | 150 |
| | 1,207 | 3,265 |

The rate of interest payable on the above loans is floating and is determined for periods of three months based on the London Interbank Offered Rate and the Central Bank of Cyprus base rate. At 31 December 2005 the prevailing rate of interest for these loans was on average 3,47% (2004: 5,16%).

22. Deferred taxation

| | 2005 | 2004 |
|--|-------|-------|
| | £000 | £000 |
| Accelerated capital allowances | 3,120 | 3,450 |
| Revaluation of fixed assets | 975 | 990 |
| | 4,095 | 4,440 |
| At 1 January | 4,440 | 4,885 |
| Deferred tax charge in profit and loss account | (294) | - |
| Transfer to revaluation reserve | (51) | (445) |
| At 31 December | 4,095 | 4,440 |

23. Trade and other payables

| | 2005 | 2004 |
|-----------------|-------|-------|
| | £000 | £000 |
| Trade creditors | 5,257 | 4,392 |

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

24. Transactions with related companies

The Company has entered into an agreement with Hellenic Mining Company, the scope of which is the provision of consultancy services and other services. The fees payable by the Company for these services are £120,000 per annum. The duration of the agreement is 5 years and expires on 30 June 2009. Further, the Company enters into various other transactions with the Hellenic Mining Company Group. These transactions, which are entered into at mutually agreed prices include the provision of port facilities, hiring of machinery and the purchase and sale of spare parts and other goods. The total trading transactions supplied and purchased during 2005 including the above agreement amounted to £551,000 (2004: £435,000).

The Company has entered into an agreement with Italcementi, S.p.A Italy, holding company of Italmec Cement Company Ltd and Compagnie Financiere et de Participations (Cofipar), the scope of which is the provision by Italcementi to the Company of consultancy services of technical nature. The duration of the agreement was 5 years and expired on 31 December 2005. The fees payable by the Company for these services are 600,000 Euro per annum. Apart from this agreement, during 2005, the Company purchased from Italcementi equipment and spare parts and other services and further sold cement and clinker £3,043,000 (2004: £5,000).

During 2005, the Company conducted trading transactions concerning the purchase of goods with KEO group, amounting to £29,000 (2004: £30,000).

25. Dividends

| | 2005 £000 | 2004 £000 |
|--|--------------|--------------|
| Interim dividend paid at 1,5 cents (2004: 1,5 cents) per share | 806 | 806 |
| Additional dividend paid at 2 cent (2004: 2 cents) per share | 1.075 | 1.075 |
| | <u>1.881</u> | <u>1.881</u> |

Dividends are subject to defence fund contribution at the rate of 15% when the beneficiary is a physical person resident of Cyprus.

26. Directors' shareholdings

At 31 December 2005 the proportions of shares held directly or indirectly by the directors and their spouses were as follows:

| | Fully paid shares |
|------------------|-------------------|
| P. Hadjipantelis | 0,0005% |
| G.A. Sideris | 0,0055% |
| | <u>0,0060%</u> |

There were no fluctuations in the above shareholdings during the period from 31 December 2005 to the date 30 days prior to the date of the notice of the annual general meeting of the Company.

At 31 December 2005 the Company had no material agreements in which directors of the Company, or their spouses or minor children, had a direct or indirect interest.

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

27. Shareholders holding at least 5% of the issued share capital

At 31 December 2005 and during the period of 30 days prior to the date of the notice of the annual general meeting the following shareholders were holding at least 5% of the nominal value of the issued share capital.

| | Fully paid shares |
|---|--------------------------|
| Hellenic Mining Company Ltd (Related company) | 17,50% |
| KEO Ltd (Related company) | 8,62% |
| Gypsum and Plasterboards Company Ltd (Related company) | 6,40% |
| Italmed Cement Company Ltd (Related company) | 20,00% |
| Compagnie Financiere et de Participations (Related company) | 13,00% |
| Anastasios G. Leventis Foundation | 7,15% |
| | <u>72,67%</u> |

28. Capital commitments

| | 2005 | 2004 |
|---|--------------|-------------|
| | £000 | £000 |
| Amounts contracted for but not provided in the accounts | <u>1.580</u> | <u>120</u> |

29. Employee contribution schemes

The Company has two schemes, the Vassiliko Cement Works Ltd Employees' Provident Fund and the Vassiliko Cement Works Ltd Employees' Medical Fund. The two schemes are funded separately and prepare their own financial statements. According to these schemes, the employees are entitled to payment of certain benefits upon retirement, prior termination of service or sickness. These are defined contribution schemes and the contributions of the Company for the year were £379.000 (2004: £366.000).

30. Financial instruments

The main monetary financial assets of the Group and the Company are the cash in hand and at bank, and the investments in securities and trade debtors. The main monetary financial liabilities are the bank overdrafts, loans and trade creditors.

Interest rate risk

The interest rate and repayment terms of the loans are disclosed in note 21.

Credit risk

The management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all customers requiring credit over a certain amount.

Exchange rate risk

The Group is exposed to foreign currency risk on sales, purchases and borrowings that are denominated in a currency other than the Cyprus Pound. The currencies giving rise to this risk are primarily Euro and U.S. Dollars.

The Group limits exchange rate risk by matching foreign currency revenues and expenses.

Fair values

The fair value of the investments in securities quoted on the Cyprus Stock Exchange is disclosed in note 14. The fair value of investment property is disclosed in note 10. The fair values of the other monetary assets and liabilities are approximately the same as their book values.

Notes to the Consolidated Financial Statements *(continuation)*

For the year ended 31 December 2005

31. Operating leases

Leases as lessee

Non-cancelable operating lease rentals are payable as follows:

| | 2005 £000 | 2004 £000 |
|----------------------------|--------------|--------------|
| Less than one year | 77 | 79 |
| Between one and five years | 163 | 163 |
| More than five years | 365 | 391 |
| | <u>605</u> | <u>633</u> |

The Group leases a number of properties under operating leases. The leases typically run for periods up to 50 years, with options to renew the lease after that date. The leases provide for rental increases to reflect market rentals. None of the leases includes contingent rentals.

Leases as lessor

The Group leases out its investment property under operating leases (see note 10). The future minimum lease payments under non-cancellable leases are as follows:

| | 2005 £000 | 2004 £000 |
|----------------------------|--------------|--------------|
| Less than one year | 224 | 190 |
| Between one and five years | 728 | 982 |
| More than five years | 118 | 141 |
| | <u>1.070</u> | <u>1.313</u> |

During the year ended 31 December 2005, £191,000 was recognised as rental income in the income statement (2004 : £77,000) and £153,000 in respect of repairs and maintenance was recognised as an expense in the income statement relating to investment property (2004: £51,000).

32. Subsequent events

There were no material subsequent events which have a bearing on the understanding of the financial statements.
