## PRESS RELEASE

### **Vassiliko Cement Works supports the initiative of the charity organization “Butterfly” for the purchase of medical equipment in the fight against Covid-19**

Vassiliko Cement Works, in the context of its Corporate Social Responsibility and in view of the efforts invested in the prevention and treatment of the Covid-19 pandemic, supports the initiative undertaken by the Butterfly Foundation (a charity organization of Imperio) to provide assistance to the health care authorities of Cyprus in order to fight against the coronavirus.

Following the latest developments in the pandemic field, aiming at supporting the economic activity in the country which has suffered a severe blow, Vassiliko Cement Works considered that it would be necessary to contribute to the plan for coping with and combating the virus spread, offering an important pecuniary amount to the Foundation.

The Charity Foundation “Butterfly” was set up by the Imperio group in 2015. Every year it dedicates its contribution to a cause centered around the sectors of education, health and environment. Given the circumstances and empowered by the donations from various companies, the Foundation purchased ten S1100A ventilators that constitute a key tool in the fight against the coronavirus. Moreover, the organization proceeded to the purchase of 20,000 protective suits for doctors and health care sector employees.

Vassiliko Cement Works takes all appropriate preventive measures for its personnel so that they can work in a healthy environment. Besides its employees, the Company offers additional support and help to society in any way possible.

THE END

Vassiliko Cement Works, April 6, 2020
