## PRESS RELEASE

### **Vassiliko Cement supports the project "Giraffes for Hope" by Sophia Foundation**

Vassiliko Cement Works is a constant supporter of "Sophia Foundation" and in this context it supports its new charitable project called "Giraffes for Hope", which aims to contribute to the organization's programs for the basic rights of children, not only in Cyprus, but also in Kenya.

"Giraffes for Hope" project is about twenty giraffes crafted pro bono by acclaimed Cypriot creators and have started their journey from Africa to "reach" our hearts, through their adoption by companies and organizations.

For the last 10 years, "Sophia Foundation" has been fighting for the right of children to education in Cyprus and Kenya. In Kenya, the foundation provides education, security, food and medical care to more than 4.500 children. In Cyprus, for the 7<sup>th</sup> consecutive year, it provides lunch to the children of 16 all-day primary schools and kindergartens, through the "I Cook, and I Offer" program.

As a socially responsible company, Vassiliko Cement Works, recognizes the value of selfless contribution and support of vulnerable groups and is once again a companion in this new project of "Sophia Foundation", thus contributing to their cause.

THE END
