PRESS RELEASE

Honorary distinctions for the campaign Let's Do It Cyprus! November 01, 2018

At the event organized by the Environment Commissioner's Office in cooperation with Together Cyprus team, on November 1st, 2018, the Let's Do It! Cyprus 2018 awards were granted.

The campaign "Let's Do It Cyprus! - I Clean Cyprus", constitutes the largest environmental action carried out in our country. Besides the Environment Commissioner and the Volunteers Network Together, the Volunteerism Commissioner, NGOs, the Forests Department, the Association of Communities and the Association of Municipalities also participate in the organizing team.

This year's campaign aimed at outstripping the barrier of 40,000 volunteers, percentage corresponding approximately to 5% of the population of Cyprus. The target was achieved because participations reached 46.185.

This year, like every year, a special event was organized dedicated to volunteers; at this event, awards and honorary distinctions were granted to the companies and the schools that supported actively and participated in the 'I Clean Cyprus 2018' program. Vassiliko Cement Works was amongst the awardees and participated in this valuable campaign for fifth consecutive year.

Vassiliko Cement Works is building on a mindset of environmental consciousness through its actions and its daily mode of operation, taking advantage of the improvement opportunities offered daily; the Company's ultimate purpose is to create a sustainable environment and eventually a better future.
